Your gifts. Your impact.

THE ALUMNUS

"Because of your contributions, I was able to come to St. X for four years. I was blessed to be named a Xaverian Scholar, a financial aid recipient and a Ryken Leadership Scholarship recipient. In 2019, my family fell on difficult times, but St. X was there to uplift us. The financial aid and scholarship program made St. X affordable for my family, and I know it has done the same for countless others. That is an opportunity I will always be grateful for. From the bottom of my heart, thank you for continuing to build bridges for students from all backgrounds!"

- ETHAN HARNED '21

THE TEACHER

"eSports has become increasingly popular with the introduction of college teams, scholarship opportunities and professional careers. Saint Xavier is excited to now offer eSports as a new KHSAA sanctioned sport. In addition, we have built a new state-of-the-art room to provide students the opportunity to compete at the highest level. Students participating in eSports are communicating, collaborating and persevering as they compete within their respective games. We're excited to see what this program and space provides for students who are interested in gaming and/or plan to pursue a career in this field. "

- TYLER SPEARS
MATHEMATICS DEPARTMENT
ESPORTS COACH

THE STUDENT

"There are three main reasons I am thankful to be a St. X student. First, so many people care about you and it is not just the teachers, but the students too. I am a part of a brotherhood and one unit on the football team. As a member of the team, I have learned that winning is just not about the score; it is about working hard and showing pride for your school. When we practice and play, we represent the St. X name in the community. I am honored to wear the green and gold, and play alongside my brothers. Thank you for investing in me and my brothers. St. X is a great environment and I am lucky to be here"

- MANNY GRAY '25

THE DONOR

"St. X challenged me to lay strong foundations leading to my eventual career path serving others. My support goes to those unable to afford these opportunities. In turn, their differing experiences help to bring a larger world view to the student body that will serve them well beyond those walls."

- DR. OLIVER MONTOYA '93
